ZEBRA

Data Capture Devices

Capture More Than Data.
Capture an Edge.

The Global Market Leader
in Data Capture Solutions.

From the beginning, we specialized in data capture. And we've been doing so for over 40 years, making it our mission to give enterprises the digital means to track physical assets. That led us to pioneer more than 4,200 company-wide patents and innovate many industry firsts, such as the first cordless scanner, OEM scan engine and imaging bioptic scanner. It's no surprise then that more organizations trust Zebra than any other manufacturer, including nearly every Fortune 500 company.

We set the benchmark in scanning performance, usability and ergonomics. Our data capture components are so superior, even our competitors use them to build their own scanners. That's because we invest heavily in R&D. Our award-winning Human Factors and Research team observes firsthand how workers interact with scanners in the field. Then, Zebra's 1,800 engineers relentlessly pursue the next breakthrough and rigorously test all our products.

The result: smarter, faster, better scanning. Our scanners capture virtually any data in any condition, the first time, every time. They expand users' scanning range and expedite time-consuming tasks, as well as eliminate Wi-Fi® interference and battery downtime. Long associated with reliability, Zebra scanners offer non-stop performance. Drop them. Chill them. Dirty them. Sanitize them. We've designed them to withstand the harshest work environments.

We don't just offer you an exceptional scanner; we ease the burden of configuring, managing and adopting new scanners. Each Zebra scanner comes preloaded with DataCapture DNA, the widest and most mature set of intelligent tools to simplify every stage of your scanning experience.

That's how you capture more than data. That's how you capture a performance edge.

DataCapture DNA
Go Beyond the Barcode.

—

Your scanning needs don't stop after you buy a scanner. You're still tasked with integrating and managing them, as well as making them useful for your employees. That's why we've embedded our scanners with DataCapture DNA. This intelligent suite of software, applications and utilities strips away all the complexity at every step, lowering your total cost of ownership from integration to management to usage.

Development Tools
Make app development and integration simple, swift and smooth.

- ✓ Pair scanner to mobile device in one step
- ✓ Control of Zebra cordless scanners from a mobile device
- ✓ Speed up and simplify app development

Scan-to-Connect　　Software Development Kits　　Scanner Control Application

Management Tools
Dramatically simplify deploying and maintaining scanner fleets of any size.

- ✓ Industry's easiest configuration
- ✓ Set-it-and-forget-it remote management
- ✓ Full-shift uptime with battery analytics

123Scan　　Remote Management　　PowerPrecision

Visibility Tools
Gain the insight and foresight to improve performance and total cost of ownership.

- ✓ Troubleshoot remotely
- ✓ Validate device setup
- ✓ Measure productivity in real time
- ✓ Analyze throughput trends

ScanSpeed Analytics　　Remote Diagnostics

Productivity Tools
Get the most out of your scanners and your day with non-stop productivity.

- ✓ Scan multiple barcodes with a single trigger pull
- ✓ Faster, farther, smarter scanning
- ✓ Eliminate Wi-Fi® interference

PRZM Intelligent Imaging　　Multi-Code Data Formatting　　Wi-Fi Friendly Mode

Preferred Symbol　　Intelligent Document Capture

The Industry's Simplest Configuration Wizard

Loaded with time-saving features, this wizard walks you through every step to simplify the deployment and staging of even large numbers of scanners.

123Scan

- ✓ Easier, faster staging
- ✓ Error-proof processes
- ✓ Friendly with existing legacy systems
- ✓ In-depth reporting options

⚡ ZEBRA

Zebra General Purpose Scanners

Data Capture for Every Worker and Environment.

Jobs may differ, but workers' needs remain the same: split-second, fail-proof, error-proof scanning. Give them the scanners made to make them more productive, no matter what their environment or challenge. You'll find your options are too wide to fit on one page. Ask us how we can help you with our complete lineup.

Zebra Specialty Scanners

Scanners that Know Your Business.

Our product design teams work alongside customers like you, observing how they use scanners in warehouses, retail stores, manufacturing plants and health clinics. From this rich insight comes the ideas that solve real-world challenges—scanners specifically built to elevate your performance.

MIDRANGE

DS9208 Hands-Free Scanner

Fit-Anywhere Design
Place these tiny, contemporary scanners in the tightest spaces. They offer both hands-free and handheld scanning of practically any barcode, as well as integrated Electronic Article Surveillance (EAS) support to simplify the checkout process.

PREMIUM

DS9900 Series Hands-Free / Handheld Hybrid Scanner

One-of-a-Kind Hybrid Design
Speed up scan-intensive points of sale. The DS9900 Series is purpose-built for hybrid scanning, combining outstanding swipe speeds, a wide field-of-view and dynamic switching between handheld and hands-free modes. It quickly decodes any data—from your everyday barcodes to invisible Digimarc® codes, Electronic Article Surveillance (EAS) and UHF RFID data.

MIDRANGE

DS4308 Handheld Scanner

A Model for Every Need
Feature-rich and versatile, the DS4308 offers multiple configurations and form factors, while still providing the management simplicity of a single product family. A large sweet spot with industry leading working range improves decode snappiness.

MIDRANGE

DS7708 On-Counter Scanner

Swipe-and-Go Scanning Simplicity
No matter what barcodes appear at your point of sale, the DS7708 can scan them all—next generation swipe speeds combine with the industry's largest field-of-view for can't-miss scanning. With its compact design, the DS7708 can be installed in even the most space-constrained checkout lanes.

VALUE

DS2200 Series Handheld Scanner

Affordable Imaging
Good for wallets and points of sale, the affordable DS2200 Series adds the benefits of 2D imaging at an outstanding value to businesses with minimal investment. Get first time, every time scanning on essential 1D and 2D barcodes, so you don't have to compromise performance for price.

PREMIUM

DS8100 Series Handheld Scanner

Experience the Ultimate Handheld in Scanning
Keep lines moving in the busiest environments with this best-in-class series. Rise above conventional imagers to deliver unprecedented scanning performance that instantly captures even the most problematic barcodes and innovative productivity enhancing tools that take you beyond the barcode.

3600 Series Ultra-Rugged Scanner

Be Unstoppable with Relentless Performance
The 3600 Series goes to the extreme to keep you working, with 16 ultra-tough corded and cordless models. Virtually indestructible, the series boasts the highest drop, tumble and sealing specifications in the industry for the most punishing environments.

CS4070 Companion Scanner

Pocket-Size Scanning
The CS4070 is an affordable companion scanner designed for mobile applications that require a pocketable form factor. Wearable convenience and easy pairing make it easy to empower tablets and smartphones with enterprise-class scanning.

MP7000 Multi-Plane Scanner

Bust Lines with Next-Generation POS Scanning
Capture more transactions per hour. Made for high-volume POS lanes, the MP7000 offers the largest field of view for swipe-and-go scanning, reads virtually any barcode—including Digimarc® barcodes—ideal for either self-checkout or traditional cashier lanes.
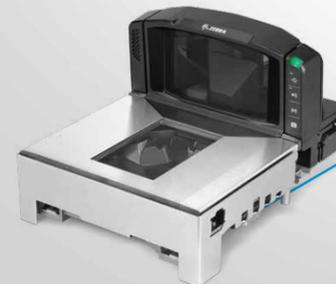

DS457 Fixed Mount Scanner

High-Volume, Hands-Free Scanning
Retail point of sale, airport boarding gate, manufacturing production line—wherever you need a tiny scanner with big performance, the DS457 is for you. It reads 1D, 2D, direct part marks, drivers' licenses and high-density codes at high speeds with high accuracy.

DS8100-HC Healthcare Scanner

Improve Caregiving
Every feature and function of the DS8100-HC is designed to elevate care, such as a first-of-its-kind disinfectant-ready housing, flexible feedback that won't disturb patients, 24-hour scanning and unparalleled performance for even the most problematic barcodes.

Scanners Are Just the Start.
But a Complete Enterprise Solution Should Go End-to-End.

Look beyond scanners. Consider intelligent mobile computers, multi-tasking tablets and steadfast printers that integrate easily, pair instantly and talk freely to one another. That's how you can make management, usage and sharing of critical information much more effective and impactful.

What makes Zebra's edge-to-edge portfolio different? Each device is strong alone. Yet together, they'll make your workers unstoppable.

Zebra Signature Services

Data insights from the technologies at the edge of your network can open up a world of new commercial opportunities. But without the right skills or resources, you could miss out on the full benefits. **Zebra Signature Services accelerate your ability to unlock intelligence** from your data, so you can run your business more productively.

Zebra OneCare™ Support Services

Constant, peak performance. That's the upside of protecting your investment with our support services. You eliminate the unexpected disruptions and unbudgeted repair expenses. Whether you need comprehensive coverage, assistance with technical issues, software updates or on-site support, there's a Zebra OneCare Support Service that's right for you*.

Choose from three service levels:

Zebra OneCare Essential

o Comprehensive repair services

o Software support

o 8x5 technical support (plus 24x7 online support)

o 3-day repair turnaround service

o Device Diagnostics** and Support Dashboard***

Zebra OneCare Select

o All the features of Essential Service

o Next business day advanced device replacement

o Commissioning services (app loading and configuration management)

o 24x7 helpdesk support

Zebra OneCare Premier**

o All the features of Essential and Select Services

o Software release management

o Service delivery manager

o Managed device service desk

Zebra OneCare™ Visibility Services

Go beyond traditional repair services. See the location, status and full state of critical assets to preempt problems, optimize utilization and amplify performance.

Asset Visibility Service (AVS)

Gain at-a-glance visibility into asset inventory and the health of your Zebra scanners, mobile computers and Link-OS® networked printers with this quickly activated subscription-based service. No on-site equipment or MDM / EMM needed.

* Service feature and / or repair turnaround time may differ by country   ** Zebra Mobile Computers only   *** Zebra Mobile Computers and Scanners only

Global Services
Maximize Uptime and ROI.

Whether it's understanding operational utilization, maximizing predictability and uptime or simply unlocking the data of your edge devices, Zebra's portfolio of services provides **expertise every step of the way.**
